Currently configured as a one-bedroom, one-bathroom home, the villa boasts a well-sized living and dining room featuring a cosy fireplace. The fitted kitchen is practical and convenient, while the large master bedroom includes an en-suite bathroom. Double doors from the living area lead out to a wrap-around sun terrace, perfect for relaxing and taking in the stunning surroundings. Additionally, a staircase ascends to the roof terrace, offering even more breathtaking views.

The property includes significant outbuildings, such as 400 m² horse stables, making it an ideal home for equestrians. There is also a very large store room and a spacious carport, ensuring plenty of storage and parking space.

A standout feature of this villa is the 8.5 x 30 m swimming pool, which needs to be fully renovated. The pool area promises to be a highlight of the property, perfect for entertaining or enjoying quiet, sunny days.

The villa also holds potential for expansion. The current garage downstairs can be converted into two or three additional bedrooms and a bathroom, allowing for greater accommodation options.

Water is no issue, as the property is connected to mains water and benefits from its own source, yielding a generous 6 litres per second. While electricity is currently supplied via a large generator, there is the possibility to connect to the mains or you could install a solar system.
